Materials: Once you have registered, we will send through a list of materials to print out and have on hand for the workshops.

Workshop Details: Overleaf

1. Lead Marker Certification - Narrative

- The expert markers will provide detailed explanations of writing development, and how to closely analyse student writing. They will also help you analyse the exemplars.
- You will mark sample scripts, discuss your scores, and get further guidance.
- We will provide an overview of how to lead the implementation of Brightpath in your school.

Attendees please note: In order to get the Lead Marker Certification, you will be asked to mark a common set of performances, in your own time, and you will be given feedback on their reliability.

2. Interpreting Brightpath data Presented by Dr Sandy Heldsinger

This full day Professional Learning is designed for schools who have collected two rounds of assessment data. You will need your **laptop** and access to Brightpath.

By the end of the end of the workshop you will be able to:

- Work across the Brightpath reports to develop a comprehensive understanding of your school performance data.
- Interpret the statistics used in reports.
- Evaluate student growth in learning.
- Use Brightpath data to set targets and develop learning sprints.

3. Formative Assessment Presented by Dr Sandy Heldsinger

This workshop will examine how Brightpath can be fully utilised as a **formative** assessment tool.

- Sandy will show participants how to develop a Brightpath Learning and Improvement cycle for your school and show you how you can be use Brightpath at each stage of the cycle to improve school student learning.
- The course will examine, amongst other things effective feedback to students, strategies for including students in the assessment process, the use of data to inform and refine teaching and the collection of data to support school evaluation.
