<b>How to Assess using Brightpath</b>	<p>These workshops are aimed at refining teacher judgements and improving accuracy and confidence in assessment. Your school chooses the text type, and our expert marker visits your school.</p> <p><b>Option A</b> Our experienced marker runs three consecutive one-hour sessions for three groups of up to seven teachers per group, teaching a similar year level. Each group submits six samples that they have already marked in advance of the sessions, two each at a lower, moderate, and higher level. Groups discuss how each work was scored, further informing assessing skills.</p> <p><b>Option B – In school or online</b> Three hour Getting Started with Narrative Assessment. We begin with an overview of how to assess a narrative text in Brightpath. The participants, thereafter, go offline for one hour and have a go at assessing three scripts against the ruler. Participants log back in for a post assessment analysis and discussion. We conclude with Leading the Implementation of Brightpath at your school.</p>	<p>In-school sessions \$1,350 (including GST) per session, plus travel costs*</p> <p>Online sessions \$1,250 (including GST) per session</p>
